

Diabetes - type 1:

Supporting evidence

Last revised in December 2024

This CKS topic is largely based on the National Institute for Health and Care Excellence (NICE) guidelines *Type 1 diabetes in adults: diagnosis and management* [NICE, 2022b (</topics/diabetes-type-1/references/>)], and *Diabetes (type 1 and type 2) in children and young people: diagnosis and management* [NICE, 2016c (</topics/diabetes-type-1/references/>)].

- For a detailed discussion of the evidence NICE used to base their recommendations, see the [full NICE guideline](https://www.nice.org.uk/guidance/ng17/evidence/full-guideline-pdf-435400241) (<https://www.nice.org.uk/guidance/ng17/evidence/full-guideline-pdf-435400241>) on type 1 diabetes in adults and the [full NICE guideline](https://www.nice.org.uk/guidance/ng18/evidence/full-guideline-pdf-435396352) (<https://www.nice.org.uk/guidance/ng18/evidence/full-guideline-pdf-435396352>) on type 1 diabetes in children and young people.
